

# DANGEROUS ROSE

SHE/HER

Dangerous Rose aka Rosa Peligrosa is a Miami and NYC-based Julliard educated dancer and multidisciplinary performance artist, DJ, and Goddess-provocateur.

She opened one of her shows for Beyonce's latest tour "Renaissance", played an epic Boiler Room, and many other things.

Heavily supported by tastemakers from the likes of Diplo, Honey Dijon, and many more, Rose has become internationally known for eye catching performances that fuse intoxicating dance numbers with forward-thinking electronic music, with a distinct emphasis on a musical subgenre that combines trap, techno, and house music (affectionately called "Trapno").
